

Camp Store Information

Store Accounts:

You can set up a store account for your camper by visiting the store and filling out a quick form. This allows your camper to shop without having to worry about carrying money or cards around camp. Campers will be given an opportunity to visit the store during the week. To use the account your camper simply gives the cashier their name and we keep track of their spending throughout the week. We have a variety of souvenirs, snacks, drinks, ice cream and other goodies as well as toiletries. We recommend \$25-\$35 per week for your camper. The unused money is refundable so please leave the maximum amount you want them to be able to spend. We want to be able to give the campers our attention during the week so adding money over the phone to an account is on an emergency basis only. We cannot guarantee you will be able to reach us by phone. Store accounts need to be set up in person on Sunday. If someone else is dropping your camper off, please send the funds with them. Anyone can open an account for your camper. On Sunday when you pick them up stop by the store and pick up your receipt and any unused funds. Unclaimed funds will be donated to the zoo.

Care Packages: Campers love to get packages. Save on time and shipping by sending a care package from the store. It's an easy and affordable way to brighten your camper's day. We have a variety of packages to choose from. Let the cashier know what package you'd like to buy, fill out the form with your campers preferences and a note for your camper, we'll pack and deliver it to your camper during the week. To save time you can also print the form ahead of time and bring it with you to the store.
